

LAND AND LIVESTOCK

February 10, 2017

Five Star Land and Livestock is a registered and commercial Angus cattle operation. This is a family business consisting of Mark and Abbie Nelson and our son Ryan, Hailey and the sixth generation of Jhett an Cort. We are fortunate to lease the grazing portion of the Apple Road ranch owned by the Operating Engineers. This is a native feed winter grass ranch that shares the grazing around the student training area of OE3.

We have the opportunity to work with a great team at OE3 of Tammy Castillo, Billy Neely, Matt Hilton and Greg Gasaway. We share the vision of animal welfare and protection of the environment. We are careful to protect the property and leave plenty of residual feed.

Mark has served as the president of the California Cattlemen's Association, Abbie has served two terms as the Beef Quality Assurance Chairman and Ryan was the California State Young Cattlemen Chairman. We do our best to educate ourselves and others and to give back to the industry.

The OE3 team have been wonderful to work with. They have upgraded and modernized the water system so our cattle have a year around water supply. If we need to move a chute or get a water truck or jump a pickup with a dead battery, someone is there to help us.

We look forward to a long term working relationship with the Operating Engineers.
